

# Vagrant, Chef & TYPO3

How do you set up  
development  
environments?

How do you share them  
with your colleagues?

„But it worked on my  
machine!“

„You build it -  
you run it!“

How can I automatically  
test my infrastructure?

# Agenda

- Motivation
- Virtualization in a Nutshell
- Extended Introduction to Vagrant & Chef
- TYPO3 in a Box
- Let's go live!
